**Analysis Report
On Student's Satisfactory Survey Feedback (2021-22)**

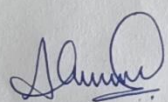

- ✓ For academic year 2021-22 these are remarks by students in the Students Satisfactory Survey (SSS) mentioned in feedback Google form.
- ✓ In this year (2021-22) due to Covid 19 pandemic, lectures were conducted on online mode using Google meet, Zoom & Webex.
- ✓ Support of Students & Faculty members during the pandemic was utmost important.
- ✓ These are observations submitted to the head of the institution after analyzing these Google forms response sheet from the students.

Analysis on the questions asked in the Google form for SSS

1. **Syllabus completion, Evaluation and Effective teaching:** More than 50 % of the students opted for 85 to 100% which suggests that most of the students are satisfied regarding the completion of syllabus. Always effective was opted by students which suggests that the students are contented with the faculty members and their teaching abilities. Internal Evaluation and Assignment discussion both show fairness and satisfaction by student's feedback. Teachers used ICT tools such as LCD projector etc. while teaching during pandemic was also acknowledged by the students in their feedback.
2. **Encouragement, Efforts and Participation:** Student's Survey suggested overall suggested good remarks on the encouragement, efforts and participation in extracurricular activities, field visits/ industrial visits and to inculcate soft skills, life skills and employability. Hence, in general the student's satisfaction survey showed that the students were 'contented' with Faculty and facilities in the Institution.
3. **Suggestions by students:** Some of the students suggested for weekly seminar for some subjects for better understanding.
