2. Waste Management

Aim: *The waste management awareness in the rural society.*

Objectives: Under Swachha Bharat Program (Govt of India), the CLEAN INDIA CAMPAIGN was organized and conducted by physics department of the college on 1 march 2020. This campaign was focused on the waste management theme under the title **AWARENESS IN RURAL SOCIETY - "Management of Daily Waste, Useful Goods and Useless Things"**. Students satisfied the villagers that how the family member should manage the daily waste, useful goods and useless things. How pesticides, fertilizers should manage and balance, why the e- waste like mobiles, batteries , chargers, radio receivers and T V sets should not be dumped in house?, if they are useless then how these things may hazardous radioactively and chemically? We can neither thrown up them nor can fired. Our students tried well to convey the message to rural society through this campaign. In this situation good help was get to us by local administration such as Grampanchayat, Nagarparishad etc. In this regard our students called the meeting with Sarpanch and some villagers. The outcome of the meeting was very nice. The collaborative work with our students was committed by village authorities. They decided and committed to collect the polymer- plastic-rubber waste, chemical waste, poisonous waste, electronic waste and electrical waste separately, once in six months from the villagers and shops.

Outcomes: Total 55 students were participated, and campaigned in nearby six villages i. e. Mohpa, Deobardi, Mhasepathar, Khumari, Mandawi, and Mohgaon in the Kalmeshwar tahasil. Total 505 families were covered by the students through the whole day.

11. PLASTIC MUKTA AND SWACHYATA PLEDGE

Aim: The awareness program for cleanness and plastic mukt area.

Objective: The awareness program for cleanness was organized on the occasion of PLASTIC MUKTA AND SWACHYATA diwas on 04/10/2019 to aware the students about the problem. Along with air, land and water pollution, plastic pollution is now becoming a serious problem, with the dire consequences of excessive plastic use. We don't even understand the problems caused by the plastic we use. This may develop into a significant threat not only for the present but also for the near future. For this it is imperative to create a plastic-free India, where all traces of plastic must be removed. This will also make India pollution free. Today's excessive use of plastic is affecting the environment. We all know that plastic is a material that cannot be decomposed in the soil, that is, it cannot be decomposed in the soil. Plastic is now becoming a major problem globally. This will cause us to face problems in the future that are much more significant than the ones currently caused by the plastic problem. All the staffs and students were participated for this pledge and abhiyan.

Outcomes: All the students and staff on this day were participated in the abhiyan. All the students had taken oath for not to use plastic hereafter. Principal of the College had guided students about cleanness.
